#### **ABOUT THIS LEARNING OBJECT**

Quizlet on the iPad - create your own flashcards.

### STEP 1. OPEN THE APP

To open Quizlet, tap on the icon.

## STEP 2. SIGN UP

If you already have a Quizlet account, tap on "Log In".

To create an account, tap on "Sign Up".

In this example, we will tap on "Sign Up", to show how to create an account.

## STEP 3. GOOGLE, FACEBOOK OR NEW ACCOUNT

You can create an account by using your already existing facebook or Google+ account, or you can enter your account details, to create a new one.

To create a new account, tap on the first field labeled "Birthday".

### STEP 4. SELECT THE BIRTHDATE

Once you are done, tap on "Sign Up" in the upper right corner to finish the registration.

## STEP 6. CREATE A NEW STUDY SET

You now see the Quizlet starting page, where you can see your latest activities.

To create a new study set, tap on "Create a new study set".

## STEP 7. SET A NAME

First, you can give the study set a name.

Then tap on "Next" to add the first term.

### STEP 8. ADD A TERM

Now you can add terms on the left side, and corresponding definitions on the right side.

To add a definition -which could be simply a translation, if it is a vocabulary study set- just tap on "Next".

### STEP 9. NEXT

After you have input the definition, tap on "Next" to add more terms and definitions.

HINT:

If you have the "Plus" edition for 15€ a year, you can also add images to your study sets.

STEP 10. CHOOSE A LANGUAGE

After you have entered your first term, Quizlet will ask you in what language it is.

This is important, because of the word-speaking function in Quizlet.

Select "Yes" or "No, choose language" to select the right language.

Then press "Next".
